## 1 GENERAL INFORMATION AND SCOPE

The ADVISER Data Elements document is intended to provide guidance to Nebraska Public and Special Purpose Schools on the submission of data from their local Student Information System (SIS) to the ADVISER Operational Data Store (ODS) in order to fulfill ADVISER Dashboard and Nebraska Department of Education (NDE) State Reporting requirements.

Because each SIS is unique, this document is not intended to inform districts as to the proper use of their local SIS for these purposes. Rather, the intent is to guide districts in selecting from the choices in their local SIS to submit accurate data for ADVISER Dashboard and NDE State Reporting purposes.

Please refer to the “Who Reports What” guidance on the ADVISER Resources page of the NDE website <https://www.education.ne.gov/dataservices/adviser-resources/> for additional information on student-related data reporting requirements of various agency types.

EXPECTED HIGH SCHOOL OF GRADUATION

Use:  Dashboard  State Reporting

Resource: /StudentSchoolAssociation/ExpectedHighSchoolOfGraduation

Definition: The high school where a student is expected to graduate high school. This field is required only when the following conditions are met:

1. The student is in grades 9-12.
2. The high school from which a student is expected to graduate is not the same school as the enrollment school.
3. The high school from which a student is expected to graduate is a public high school in the State of Nebraska.

## FULL-TIME EQUIVALENCY

Use:  Dashboard  State Reporting*Resource: /StudentSchoolAssociation/FullTimeEquivalency*

Definition: The ratio between time of the student's assignment to a school for services or instruction and the hours that would consist of a student's full educational program. Students with FTE values higher than 50% on October 1 will be included in Fall Membership, except any student reported with a Grade Level of HP or PK will be included in Fall Membership regardless of FTE. Determining FTE should be based on the student's program.

*Example 1:* Special Education student, Individual Education Plan (IEP) receives a program where the student receives services at home for an hour 2 times per week and this is the only education services the student receives. FTE = 100.

*Example 2:* Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day. FTE: The local Board of Education determines the requirements for full-time students. This student could be considered 25 or 100 depending on local policy.

*Example 3:* Senior in high school only needs 2 periods of an 8 period day to graduate. Works the rest of the day and gets credit for Career and Technical Education credit toward graduation. FTE= 100.

*Example 4:* Student comes in for 2 periods of an 8 period day for Band and Music, attends a nonpublic or exempt home school the rest of the day. FTE = 25.

*Example 5:* An expelled student is participating in an alternative program that prescribes the student come to school 2 hours a day to get his/her school work from the teachers. FTE = 100.

*Example 6:* A prekindergarten or kindergarten student that attends only a ½ day program. FTE = 100.

*Example 7:* A prekindergarten or kindergarten student that attends an all-day program. FTE = 100.

*Example 8:* A prekindergarten student that attends an all-day program but only attends half of the day. FTE = 50.

## GRADE LEVEL

Use:  Dashboard  State Reporting*Resource: /StudentSchoolAssociation/EntryGradeLevel*

Students with a verified disability (special education) should be given a grade level commensurate with their age appropriate peers regardless of their cognitive functioning level. Please include in Grade 12 students who have passed typical graduation age but remain enrolled.

## 7 ATTENDANCE

NDE is only collecting student absences. We will use the calendar to determine days present and days in session to calculate Average Daily Attendance (ADA) and Average Daily Membership (ADM).

### ATTENDANCE DURATION

Use:  Dashboard  State Reporting

Resource: */StudentSchoolAttendanceEvent/AttendanceDuration*

Definition: The portion of the regular school day, up to two decimal places, that applies to the Attendance (i.e. Absence) Event. For example, if a student was absent 2 out of 8 school periods, Attendance Duration would be reported as .25 days.

### ATTENDANCE EVENT CATEGORY

Use:  Dashboard  State Reporting

Resource: */StudentSchoolAttendanceEvent/AttendanceEvent/AttendanceEventCategory*

Definition: The category of reason for a student's attendance event. More than one Attendance Event can be reported for a day.

CODE	DESCRIPTION
02	Excused Absence
03	Unexcused Absence
04	Tardy
05	Early departure (not an absence)

02 – Excused Absence and 03 – Unexcused Absence will be counted as absences for State Reporting purposes.

#### Additional Guidance on Attendance

Prekindergarten Students – All PK or HP students in Rule 11 programs (early childhood program codes 01-05) must be reported in attendance. The only exception is those HP/PK SPED students who are receiving all of their services at home or at a location not related to the public school district. This exception includes early childhood programs using program codes 06-08 and SPED students receiving services through the public district at a non-public preschool.

Summer School – Summer school attendance should not be reported in the regular school year attendance reporting. If a summer school calendar is reported to NDE, do not include any in-session instructional days within that calendar.

Absences for School Activities – Title 92, Nebraska Administrative Code, Chapter 2, Section 006.02 provides that students shall be counted in attendance at a school sponsored activity which is supervised by a member or members of the school staff.

Suspended or Expelled Students – Students who are suspended or expelled are counted as absent unless they continue to be in a school setting during their suspension or expulsion, such as serving their suspension in-school or attending an alternative school. The expelled students may be counted as in attendance if they participate in an alternative program as prescribed by the district. If an expelled student does not participate in the alternative program as prescribed by the district, the student will be shown as absent.

Homebound students – Section 504 of the Vocational Rehabilitation Act may require a school district to serve homebound students in the home. As such, the “home” is the “school” for purposes of attendance for the student. So long as the student is present when school officials arrive to provide the services required, the student is in attendance at school.

### SPECIAL EDUCATION PERCENTAGE

Use:  Dashboard  State Reporting

Resource: */StudentProgramAssociation/SpecialEducationPercentage*

Description: The percentage of time a student spends receiving special education and/or related services separate from general education peers.

To calculate the percentage of time outside the regular classroom, divide the number of hours the student receives special education services outside the regular early childhood program or regular classroom (separate from general education peers) by the total number of hours in the school day (including lunch, recess, and study periods). The result is multiplied by 100 and reported as an integer.

Time spent outside the regular classroom receiving services unrelated to the youth’s disability should be considered time inside the regular classroom. For example, time receiving LEP services and educational time spent in age-appropriate community-based settings that include individual with and without disabilities, such as college campuses or vocational sites, should be counted as time spent inside the regular classroom.
